Chief Detective Walter Hoyle and Detective Peters, who led in merit marks for the month of January, again topped the city detective department for February, according to figures made public Wednesday by the chief of police, Chief of Detectives.

The standing of city detectives in points for February follows: Hoyle and Peters, 1,445; Carpenter and Long, 1,261; Popkin and Hockley, 1,224; Bishop and Jones, 1,088; Griffin and White, 1,047; Taylor and Purkiss, 825; Hurd and Hendricks, 712; J. C. Lyons, 587; Hearn, 5.

Chief Detective made more subtle division of merit points for the month of February than he did for January. He listed the most on things—points for recovering stolen goods, which Griffin and White, 1,224, led with 15 recovered stolen goods.

A total of 223 arrests were made by the police in January. This figure was not equalled in February. 222 persons being arrested in the past month. But Chief of Police had two less men at work in February.

RESTFUL RESULTS FOR MEN

Only a person who has experienced that awful "all night cough" that sometimes follows influenza can appreciate what a good night's sleep can be. Mrs. Alice McCluskey, 200 Maple St., Long Beach, Cal., writes: "The result of using Foley's Kidney and Bladder Pills was a restful one for me. My cough, which was a harsh, racking cough, came, wheezing, stopping, stopping, in the throat, covers raw, irritated surfaces with a soothing, healing coating."

Business Men

Send Ultimatum

To Dock Workers

NEW ORLEANS, March 1. (Spt.)—Whether or not there will be a call for another strike of dock workers will be decided at a meeting of union leaders Thursday night. It was decided Wednesday, following the receipt by the union men of a virtual ultimatum from the business interests of New Orleans.

Union leaders were told Tuesday night by Arthur D. Parker, president of the Association of Commerce, that commerce and New Orleans was "sick and tired" of periodic river front strikes and that should the men decide to strike again they would be liable to be made to push on the work of the port without them.

Warren Kearney, chairman of the Association of Commerce, committee appointed to seek adjustment of the strike, told the union leaders a new strike would "prove disastrous to organized labor here."

The new complication arose when union men objected to the Illinois Central Railroad company retaining in their employ non-union men hired during the period when the union men were on strike. The Illinois Central officials

LEWISTON WOMAN IS

NOW WELL AND HAPPY

Mrs. Alice McCluskey Says

She Wishes She Had

Heard of Tanlac Twenty

Years Ago—Would Have

Saved her Lots of Suffering.

"I have been trying for twenty long years to find a medicine that would overcome my troubles, but my efforts failed me completely until I commenced taking Tanlac," was the remarkable statement made recently by Mrs. Alice McCluskey, residing at No. 68 Park Street, Lewiston, Me., a well-known and most highly respected woman of that city.

"I just feel like I would give the world to meet anyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago it would have saved me a lot of suffering and money."

"My principal trouble was indigestion, and for many years I could not eat meat or pastries for I would always suffer afterward. I would almost always have a distressed feeling after eating and nothing seemed to agree with me. Then, to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains I suffered can never be told in words. This trouble finally got so bad I could hardly walk and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my housework and was hardly able to get around at all."

"You can imagine how happy I was when, after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition! Why, it was just the medicine I needed all the time and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying as good health now as I ever had in all my life. I have gained about 14 pounds in weight and can again do all my housework without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home. I earnestly advise everyone who suffers as I did to take Tanlac."

Tanlac is sold in Memphis exclusively by Wells' Pharmacy and Warnock Drug Co.

2% MONTHLY DIVIDEND

By resolution, unanimously adopted, the Board of Directors has declared a 2% Monthly Dividend, beginning April 1st, and payable to the stockholders of record March 15th. This dividend will be paid out of the net earnings of the Company's producing wells at Burkburnett.

A GOING CONCERN

The Reelfoot-Ranger Oil Company is chartered under the laws of the State of Tennessee; is capitalized at \$1,500,000.00; has opened offices in the Lee Building, Memphis; has been granted a permit to offer its stock for sale under the Blue Sky Laws of Tennessee, and is now a going concern.

Geologists, drillers and experienced oil men with confidence prophesied that oil will be found in abundance at Reelfoot. Business men from Reelfoot were present and said they are backing their judgment with their money. These men are watching drilling operations now going on at two places on the lake.

While the Company's holdings of 43,000 acres at Reelfoot present fascinating possibilities for enormous profits to its stockholders, IT IS NOT NECESSARY FOR THE COMPANY TO STRIKE OIL AT ANY ONE LOCATION TO SUCCEED. It already has producing wells at Burkburnett netting dividends to its stockholders, besides vast holdings in Louisiana, Texas and Oklahoma.

The valuable acreage of Reelfoot-Ranger makes investment ABSOLUTELY SAFE.

A dividend of 2% a month ASSURES SATISFACTORY RETURNS on the investment.

In addition to this, Reelfoot-Ranger offers VAST SPECULATIVE POSSIBILITIES.

Reelfoot-Ranger will have AMPLE CAPITAL, permitting extensive operations, A VARIETY OF HOLDINGS, including producing wells, proven acreage in a number of oil fields and vast acreage in undeveloped or semiproven fields, A MANAGEMENT EXPERIENCED in the oil business of unquestioned integrity and of recognized business ability and a PERMANENT PROGRAM, contemplating activities in the production, transportation, refining and marketing of oil.

These are the requisite principles an oil company must have to succeed, and are the elements which have combined to make enormous profits for investors, both large and small.

\$300,000 of the company's capital stock is offered at par. Developments, in all probability, will come rapidly and this portion of the stock is not likely to remain on the market long. Immediate action is necessary to share in big possibilities.
